ÜRETİM**

Kula PVC, 1995 yılında kurulmuş olup, Kula Plastik ailesinin bir parçasıdır ve bünyesinde Körez Plastik Dış Ticaret gibi önemli şirketleri barındırmaktadır. 25 yılı aşkın süredir plastik lambri ve 60*60 asma tavan üretiminde uzmanlaşmış olan Kula PVC, yüksek kalite standartlarına bağlı kalarak ürünlerini titizlikle üretmekte ve müşterilerine sunmaktadır. Bu kalite anlayışı sayesinde sektörde güvenilir ve saygın bir isim olmuştur.

İzmir Limanı'na 40 km, Adnan Menderes Havalimanı'na ise 22 km uzaklıkta stratejik bir konumda bulunan fabrikamız, lojistik avantajlar sunarak ürünlerin hızlı ve etkin bir şekilde taşınmasını sağlamaktadır.

Şirketimiz, ISO 9001 standartlarına uygun olarak işletilmektedir. Esnek yapısıyla müşteri memnuniyetini ön planda tutan Kula PVC, ulusal ve uluslararası fuarları takip ederek, sektördeki yenilikleri ve yeni konseptleri müşterileriyle buluşturmaktadır. AR-GE çalışmalarına büyük önem veren şirketimiz, plastik sektöründe lambri ve lambrinin montaj malzemelerinin her türlüünü üretme ve hizmete sunma konusunda lider konumdadır.

Aylık üretim kapasitemiz 30 adet 40 Feet HC Konteyner (30 Tır) seviyesindedir. Bu yüksek üretim kapasitesi, kalıplarımızın, makinelerimizin ve ekipmanlarımızın sürekli iyileştirilmesi ve modernize edilmesi sayesinde mümkün olmaktadır. Amacımız, en kaliteli ürünü en kısa sürede üretmek müşterilerimize sunmaktır.

About Us

Kula PVC, established in 1995, is a part of the Kula Plastik family and includes significant companies like Körez Plastik Dış Ticaret. Specializing in the production of plastic paneling and 60*60 suspended ceilings for over 25 years, Kula PVC meticulously manufactures its products adhering to high-quality standards, thus becoming a reliable and reputable name in the industry.

Our factory is strategically located 40 km from the Port of Izmir and 22 km from Adnan Menderes Airport, providing logistical advantages that ensure the swift and efficient transportation of our products.

The company operates in accordance with ISO 9001 standards. With its flexible structure prioritizing customer satisfaction, Kula PVC follows national and international fairs, introducing the latest innovations and new concepts to its customers. Emphasizing R&D, our company leads the industry in manufacturing and supplying all types of paneling and paneling installation materials.

Our monthly production capacity is at the level of 30 units of 40 Feet HC Containers (30 Trucks). This high production capacity is made possible through the continuous improvement and modernization of our molds, machines, and equipment. Our goal is to produce the highest quality products in the shortest time and deliver them to our customers.

Our Mission :As a company that quickly adapts to technological innovations and prioritizes customer satisfaction, we aim to produce high-quality, durable, and aesthetic products. Our mission is to become a recognized and respected brand in Turkey and internationally.

Our Vision : With our experience and knowledge from the past, our principles, product quality, and strong brand, we aim to become a leading global brand in the industry
